

**FSSAI Licensing & Renewals**

**Internal Food Safety Audits**

**Customized Food Safety Training Programs**

**Label & Packaging Compliance**

**Implementation of Food Safety Standards**

**Consulting & Strategy**

We help food businesses go beyond basic compliance — transforming FSSAI licensing, labelling, audits, and global certifications like ISO 22000 & FSSC 22000 into growth tools that unlock retail, export, and investor opportunities.

From startups and cloud kitchens to FMCG brands, TrueNexa delivers fast, expert-led, and personal compliance support.

# FSSAI Licensing & Renewals

We offer end-to-end help for Central, State, and Basic FSSAI licenses — for manufacturers, marketers, and relabellers. This includes FoSCoS filings, uploads, issue resolution, product category mapping, and required documents like Form IX, SOPs, and HACCP plans.

## **Benefit:**

Stay legal, avoid delays, and pass audits easily.

# Internal Food Safety Audits

We help prepare for audits as per FSSAI and international norms. We find and fix issues before inspection.

## **Benefit:**

Smoothen checks, faster fixes, and zero surprises during third-party audits.

# Customized Food Safety Training Programs

Easy-to-understand team training on hygiene, SOPs, and daily food safety.

## **Benefit:**

Fewer mistakes and safer operations. Your team truly gets food safety.

# Label & Packaging Compliance

We check your food labels to match FSSAI rules – including ingredients, nutrition, allergens, and claims.

## Benefit:

No rejections or redesigns – only trusted, market-ready packaging.

# Implementation of Food Safety Standards

## We help you set up & maintain:

FSMS (ISO 22000)

FSSC 22000 v6

GMP & HACCP systems

## Benefit:

Scale up with certified systems and enter premium markets.

# Consulting & Strategy

We help plan factory layouts, support hygiene ratings, and build strong food safety culture.

## Benefit:

This improves workflow, boosts hygiene scores, and builds lasting customer trust.

# WHY PARTNER WITH TRUENEXA FOOD EXPERTS
